Office of the Secretary

Dear Commissioner,

We do not want any changes in the present licensing and classes of Amateur Radio Operators as it now stands. We agree on the minor changes that took effect on June 1st, 2004, but to chage the major licenses of the Technician, General and Extra is too much. And to throw code out as well is wrong in our opinions. we the undersigned do not want 04-140 to go into effect not now.

Sincerely yours,
